Hi, Joe,

I'm looking for your help to review and update two fact sheets that are potential "Hot Sites." OSRTI has identified them as sites that may come up for internal discussion in HQ. Since that discussion may need to happen when folks aren't around to answer questions, we like to have relatively up-to-date fact sheets on file.

Here are the previous fact sheets from 2012.

Upper

Silver Bow

Tenmile10-1-12 ... Creek-Butte Area...

I'm not sure which RPM you would want to do the update (didn't Mike Bishop retire?), so I am sending them to you.

I would like to get the updates back by **Tuesday, 1/15/13**. Please let me know if you have any questions.

I hope your 2013 started off well!
